## Headteacher's Weekly Review

Welcome to this week's newsletter.

As you will see we have been busy getting this school year off to a flying start. There is a lovely atmosphere around school and this week and next we, have or will have, many of our extra curricular clubs up and running.

It has been a week of change in education as Nadhim Zahawi has been appointed as the new Education Secretary. It is too early to make predictions about his tenure but what we hope for is a greater sense of strategy and support than in the past and an ambitious plan for post-Covid education recovery, significant investment in schools and colleges and a clear plan of support for children with special education needs. There are also conversations surrounding exams and courses such as BTEC and similar. I, like most school leaders am looking forward to the potential of this new partnership.

Covid still looms and we had 12 cases in one year group this week (Year 12) - but no more in that year group since Monday. This is a Year group with their own common room and so generally separate from other years. They have been wearing masks to move around school and in lessons.

Please all continue to do lateral flow tests. They are not perfect but they were helpful in initially identifying the Year 12 cases. I appreciate people may be fed up of these but it is helpful for all of us here in school in particular it may prevent an outbreak resulting in school closure.

Today there was a 'pre-official' announcement by the government that they are ending some of the travel restrictions for the 'double jabbed'. Great news potentially for the travel industry and those who want to travel.

In school our visits are already off the mark with a visit today to Kew Gardens - almost 100 Year 10, 11 and 12 art and photography students are out for the day. The buzz of excitement pre departure was palpable. Other visits planned for this term include Year 13 Geographers visiting Snowdonia and Year 10 carrying out their fieldwork in Reading. Catering students in Year 10, 11, 12 & 13 will be visiting the BBC Good Food Show and a visit to Borough Market is planned for Sixth Form only. Our Head of School Students (Sixth Form) are visiting the annual conference at Wellington College. We are - in line with the reduction in restrictions putting plans together for overseas visits too.

It was lovely to welcome the parents of potential Year 7 students last night and we are looking forward to hosting them at our Open Evening next week and school tours the week after.

We are following precautions to make sure that by inviting visitors to the school we are not risking the health of staff or current students and therefore risking school closure.

I hope you have a lovely weekend, if you get the chance to pop along to Yateley Gig on the Green and support Ms Hunt and her team who will have a stall at the event. The stall is supporting our school charity Reaching Rwanda.

Wednesday 20th October	AP1 Distribution
Thursday 21st October	Year 10 Geography Visit to Reading
<b>HALF TERM</b>	
Monday 25th - Friday 29th October	

# Sandhurst Sixth Form

## Sandhurst Sixth Form Welcome to our new Year 12 Students

Monday 6th September saw the arrival of our new Year 12 students joining Sandhurst Sixth Form. It's a really exciting time for them all as they embark upon their next chapter of learning with us. Monday, Tuesday and Wednesday were packed full of induction activities to build the students up following their long summer break. After being away from school since May the 8th it was great to see them all arrive with such enthusiasm and excitement for a brand new challenge. We invited the National Citizens Service in to deliver our induction programme, so following a welcome assembly by Mrs Smith, Mrs Hunt and I, we got started!

On Monday, the students took part in a 'Post Covid Socialisation' session aimed to get the students reflecting on their experiences, the good and not so good aspects of the last 18 months, how their lives had changed, and to what extent. Tuesday was comprised of two further sessions; Health and Wellbeing, and Skills for Independent Living. As the students progress through their Sixth Form journey, we aim to help them develop as independent learners, as well as young adults who are prepared to enter adult life with confidence. Many of the themes covered, we will return to over the course of years 12 and 13. Finally, on Wednesday, we grouped the students to tackle the process of developing Social Action projects in order to raise awareness of local or national issues that resonate with them. This culminated in a 'Dragon's Den' style presentation by all of the groups and a winning team. A fun and interactive way to start the new year, and interspersed with some rather interesting team games!

I was really pleased to see all of the students getting so stuck in and willing to participate. We have a fantastic group of students in our new Year 12 cohort, who have already settled in well with the Year 13 students, who are currently embarking on their final year with us. We are very much looking forward to working with all of you.

If you would like to look at the presentation from the Information Evening for Year 12 parents held on Wednesday 8th September, please use the following web link. [Parent Information Evening Slides - 8th September 2021](#)

Once again the Food Technology Department is appealing for any container donations. So please if you have any Celebrations, Heroes or Quality Street tins hanging around please feel free to declutter your house and donate them to school. We are also collecting plastic bottle tops for next year for an exciting new project, and buttons!

Don't forget to  
bring an apron if  
you're cooking

# RELIGIOUS EDUCATION

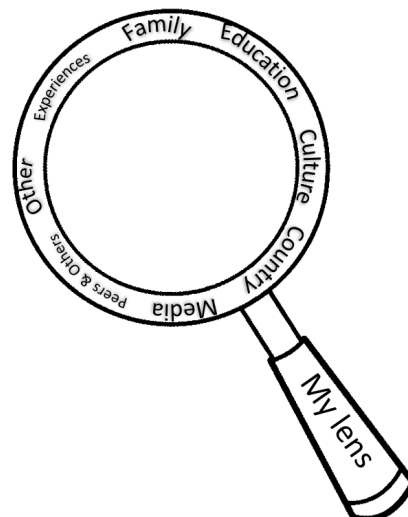

It is so nice to welcome all the students back into the RE department and start the new term. The Year 11s have come back fully focused on exam technique and the Year 10s have delved straight into their two year course with great enthusiasm.

In Year 9 the students debated the different factors and influences involved in an ethical dilemma and began to contemplate the different ways in which ethical decisions can be made. In Year 8 students explored the problem of evil, discussing whether evil was subjective, if and when evil should be prevented and if evil was a character trait or just the sum of a person's acts. In Year 7 we have begun our enquiry into how religions developed. The students discussed some of the big questions that early humans pondered that grew into the early seeds of religion.

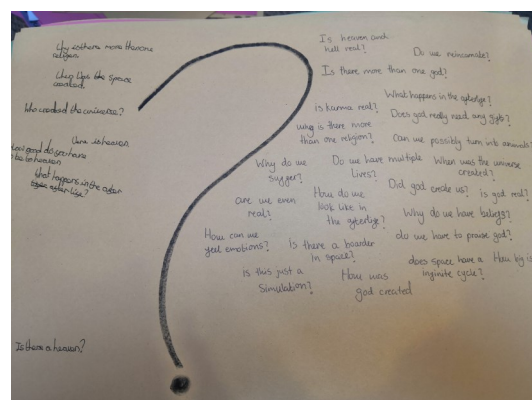

Students throughout the Key Stages are asked to look at enquiry questions through different 'world lenses' be that religious, non religious, philosophical or sociological. In their lessons there is a big focus on their ability to discuss, debate and evaluate ideas.

At home try and hold a weekly discussion with your children about an issue in the media, it can even be one raised by a film. Ask your child to give evidence for their view point and consider what people from other 'world lenses' might think. On the Google Classroom in Key Stage 3 you will find an overview of enquiry questions for the course and some expected learning objectives for the current topic. Students are also given a list of key vocabulary that will enhance their understanding and improve the quality of their answers. Talking through these words, discussing the enquiry questions and learning objectives will support the learning that goes on in the classroom. We thank you in advance for your support and please let your RE classroom teacher know if you need any more advice on this.

**Miss Jones**

# Science

## Science News

The Year 13s this week have been carrying out chromatography to investigate the different pigments isolated from different coloured leaves. This allows them to compare the pigments and determine which may be involved in the leaf colour of different species of plants.

Miss Watt

## MFL STARS OF THE SUMMER

Keen not to forget any of their impressive knowledge of the Spanish language, a few of my Year 11 students joined me for a completely optional weekly quiz during the summer.

(Nearly) every Sunday evening they would log on to a platform called Blooket and test their knowledge of a different part of the GCSE vocabulary, studying a different theme each week.

I was really impressed by their dedication, but also by how well they did as they shamelessly beat me several times!

It was a fun addition to my summer.

Well done Holly, Gabi, Preet and Kyla!

# ACTIVATE LEARNING - FREE SATURDAY CLUBS

For 13 – 16 year olds

To inspire and motivate - all courses are free and will start **Saturday 2 October 2021**

## National Fashion and Business Saturday Club

### Course overview

The Club gives young people in years 9,10 and 11 the unique opportunity to study Fashion and Business 16 Saturday mornings at Reading College, free of charge.

The aim is to nurture the young people's talent and build their confidence and self-esteem.

The Club is equally suitable for boys and girls of all abilities with an interest in Fashion and Business.

The fashion business is an important part of the UK's creative industries, and with its supply chains provide 880,000 jobs in a wide range of sub-sectors, which range from materials technology and trend forecasting to fashion journalism and retail management. The fashion industry is a great British success story, generating £28 billion for the economy each year.

Fashion courses at UK universities lead the world and are in demand globally.

Sources: British Fashion Council

Location: Reading College

Fee: Not applicable

National Fashion and Business Saturday Club is free and places go to students who want to expand their creative skills and are committed to every Saturday morning throughout the Spring and Summer term.

All materials, equipment and educational visit costs for this course will be covered by Reading College.

## BOOKBUZZ FOR YEAR 7 STUDENTS

Reading for pleasure makes a difference. In fact, it plays such an important role in developing literacy skills and broadening horizons that Sandhurst School subscribes to the Bookbuzz programme.

Year 7 students will shortly be given the opportunity to choose a book from a pre-selected list (see images above), and the book chosen by each student will then be ordered and presented to them free of charge.

To find out more about the titles available this year, please visit: [www.bookbuzz.org.uk](http://www.bookbuzz.org.uk).

SANDHURST  
SCHOOL

Support  
your  
school  
today!

Just £1 per week

40% to your school

£25,000 jackpot!

Cash prizes every week

your  
school  
lottery

## How it works

It's simple - choose 6 numbers between 0-9 and if they match the weekly lottery draw, you win great prizes with a **jackpot prize of up to £25,000!** One of our supporters will win a cash prize every week. Tickets cost just £1 per ticket per week and 40% of all ticket sales are donated to your school.

Draws are conducted every Saturday at 8pm and results are posted online. Winners will be notified via email and the winnings will be paid straight into an account of their choosing.

The easiest and quickest way to join our lottery is online where you can set up your payment either by direct debit or one off payment card. Alternatively, set up can be done over the phone using the contact details below.

**It's so easy to join and you could make a real difference to your school.**

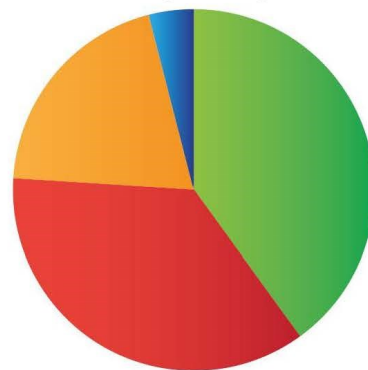

## The maths...

100 tickets sold means  
= **£30** a week cash prize  
= **£2,080** a year for your school

## Where does your money go?

Tickets cost just £1 per week

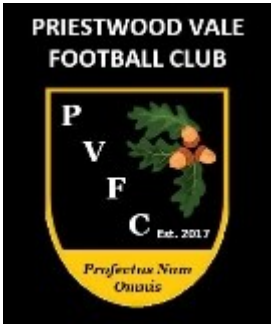

- 40p** goes directly to your school
- 36p** goes towards lottery winner's cash prizes
- 20p** goes towards lottery administrative costs
- 4p** for VAT

## Priestwood Vale Football Club

### Referee recruitment

Our two u13's teams are looking for a referee. We play Saturday mornings at Harmanwater Playing Field, RG12 9QA.

We are awaiting league fixtures but hope to have both teams home on the same week. This would mean you would have back to back games approximately every other week. In line with our league, East Berks Football Alliance, Rles and Regs, referees are paid £26 per game.

If you are a qualified ref or interested in training to become a qualified ref please contact us using the details below.

Priestwood Vale Football Club is a small, two team, club. Our committee is formed entirely of parents of our players and there is a real family feel at the club. Our passion is football and offering as many young people as possible the opportunity to play and develop their skills.

## Priestwood Vale Football Club

### Player recruitment

Our two u13's teams are looking for players to add to our squads. Previous football experience is a benefit, but not essential.

Last season our teams played in Groups 13 and 14 of the East Berks FA Developmental Groups.

We train on a Friday night 5-6pm at our home ground, Harmanswater Playing Field, RG12 9QA. Match days are Saturday.

Training re-starts Friday 3rd September and until then the whole club is invited to meet for Saturday morning sessions at our home ground.

Priestwood Vale Football Club is a small, two team, club. Our committee is formed entirely of parents of our players and there is a real family feel at the club. Our passion is football and offering as many young people as possible the opportunity to play and develop their skills.
