Weekly Review

Linked to assembly "Heroes and Villains"

Back to normal, well nearly. Although there are some new routines, much remains the same, lessons, students chatting with friends and Year 11 enduring their PPE exams!

One thing that has returned, albeit in a new guise is the school assembly. As an "anti bubble busting" measure, these are being held as live Google Meet presentations during the afternoon tutor time. I find it slightly odd, sitting in my office, by myself, whilst presenting to 1000 students at once, each sitting with a tutor and classmates. I have found a new respect for actors and broadcasters who can do this so naturally to camera. Give me a hall of 200 students any day!

My assembly this week was about Heroes and Villains. When you think of heroes, the characters from Marvel automatically pop into your head. The ones with amazing super powers going around saving the planet one minute and the cat stuck up a tree the next. Then there are the villains, always plotting for world domination and each with their very own villain's lair carved out of an extinct volcano. One thing about each is how instantly recognisable they are. The hero has glowing white teeth, always happy and doing the right thing every day. Whilst the villain can be found cackling with an evil laugh, coupled with piercing eyes.

In reality, our real world heroes and villains rarely signify what side they are supporting so easily. Nor in reality do we have heroes that fly by using x-ray vision. Often our real heroes come in the shape of those who help and support us, firefighters, blood donors or simply those that care to ask how we are when we are feeling down. Quite simply everyone is capable of being a hero for someone.

One aspect of the assembly I was particularly keen to emphasise was the need to be a hero to ourselves. Often it is the villain that can take over, students losing confidence, becoming confused as to which path to take. At times, we find ourselves carrying out villainous acts without thought. The challenge here is to allow the hero to surface, enabling an apology to follow.

I would suggest that we each have within us the capability of heroic actions and villainous deeds. Students each day, like all of us, need to make decisions as to when they find they are going down the villain route or if their inner hero will win the day. So my challenge was simple: who can you be a hero for today?

Wishing you a great weekend, I hope that we have some petrol delivery heroes coming to all our rescue!

Mr Justin Southwood
Deputy Headteacher

Headteacher's Message

We say farewell to two members of staff who are leaving us today.

Ms Denise Girard has been a fabulous Cover Supervisor and was a brilliant support for those Year 7 students who joined us in the last lockdown. She has probably covered classes for every single child in the school at some point.

Ms Sue Head is also leaving us to return to her previous career.

She has been responsible for all our reprographics, including exam papers, worksheets, programmes and tickets for everything, producing our weekly newsletter and making sure it was sent out to everyone on time—even though the articles submitted were often late!

We will miss them both and wish them all the very best in their new roles.

Good luck,

Mrs Debbie Smith
Headteacher

from Monday 18th October**

BAG 2 SCHOOL

FREE FUNDRAISING FOR SCHOOLS

In partnership with your school or organisation

Sandhurst School

Bag 2 School is a company that specialises in the reuse and recycling of good quality second-hand clothing and we have arranged to make a collection from your school. All the bags will be weighed and you will be paid for the total weight collected. Remember, the more you collect the greater the benefit to your school.

PLEASE USE YOUR OWN BAGS (THERE IS NO LIMIT)

When the clothes have been removed from the bag the plastic will be packed and sent for recycling.

We are collecting good quality items for RE-USE:

Men's, ladies' & children's clothing, paired shoes, handbags, belts & accessories.

(No uniforms, workwear, pillows, duvets or pieces of fabric please)

*The more we weigh the more we pay!
Extra bags are welcome - there's no limit*

Please return your Bag2School on:

Tuesday 19th October by 9.00am

01609 780 222

Sandhurst Sixth Form

Sixth Form Geography Students

Early on Sunday morning our Year 13 geography students set off to North Wales to undertake four days of fieldwork investigations in preparation for the 20% coursework element of their A-level qualification. We stayed at the Field Studies Council Centre just outside Betws-y-Coed, a picturesque small town in the heart of Snowdonia, and a centre for walking and mountaineering. During the course of their stay, the students were taught by Georgia, a specialist geography tutor who is highly experienced in the geography of North Wales. The purpose of the fieldwork is to become confident in sampling strategies, data collection methods and the use of statistical techniques to test their hypotheses.

The students have the opportunity to link their personal fieldwork investigations to an area of their A-level syllabus that is of interest to them, either physical or human geography. We had an amazing time exploring the physical geography of the Nant Ffrancon Glacial Valley and Cwm Idwal, along with Llandudno, looking at urban geography themes.

I have been so impressed with the enthusiasm and engagement of our students - it is definitely not a 'walk in the park! Our days were long and action packed, starting at 9am, after a hearty breakfast, and finishing for the day after our last session at 8.30pm! We also certainly experienced all the weather conditions that North Wales could throw at us!

The students are now ready to work on their investigations on return to Sixth Form. We are looking forward to some great write ups and high grades!

Good Luck to all of you.

SCHOOL COUNCIL

Scottish and Southern Electric Focus Group

Scottish and Southern Electricity Networks (SSEN) joined us this week to meet with some members of the student council. Looking to make the UK a greener and cleaner place to live, SSEN were keen to hear the views and opinions of young people on its plans for the future. The ideas shared during the group will be used to help change the way energy is provided both now and in the future.

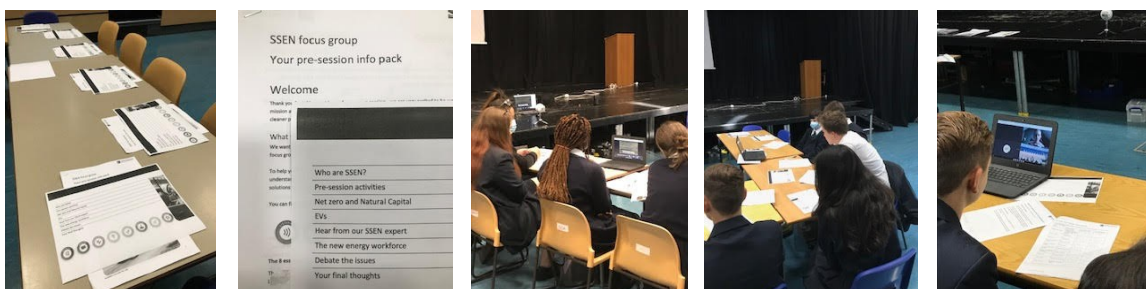

Students were given the opportunity to join a pre-activity session to discuss some of the issues being faced by SSEN as an organisation and some of the solutions they are trying to implement.

On the day, students from Years 9 - 11 took part, offering some valuable points for SSEN to take away and digest. Students took part in mini activities, participated in discussions around sustainability & the future of energy, learned more about careers in the sector and learned directly from employers.

Students also had the opportunity to learn more about net zero, natural capital, reliability and affordability, generating some interesting ideas and debate.

An excellent event, our thanks go to both our fantastic students for their enthusiasm and valuable contributions and to SSEN for inviting us to be part of such an important discussion.

Mrs Nicholls & Mr Houston

The Year 9 rugby team played in the first tournament of the season this week at Edgbarrow school. The team have worked hard in training sessions and also in curriculum time and it really showed!

In the second match, Sandhurst were even better! Surging runs from Matt, Lewis, Woody and Tom put Brakenhale under pressure. A dropped ball led to a fast break from Brakenhale and Sandhurst found themselves 5 points down after a try. With fantastic team spirit, Sandhurst came back stronger and after some good passing, Woody took the ball over the line to score. Woody also converted the kick which made the final score 7-5 to Sandhurst.

Haygen, Thomas, Luke, Lewis, Ben, Will, Ryan, Arian, Matthew, Jamie, Woody, Ty, Kelton

A wide-angle photograph of a football training session on a grassy field. Several players in black and white kits are scattered across the field, some standing and others in motion. A goalpost is visible in the background under a cloudy sky.

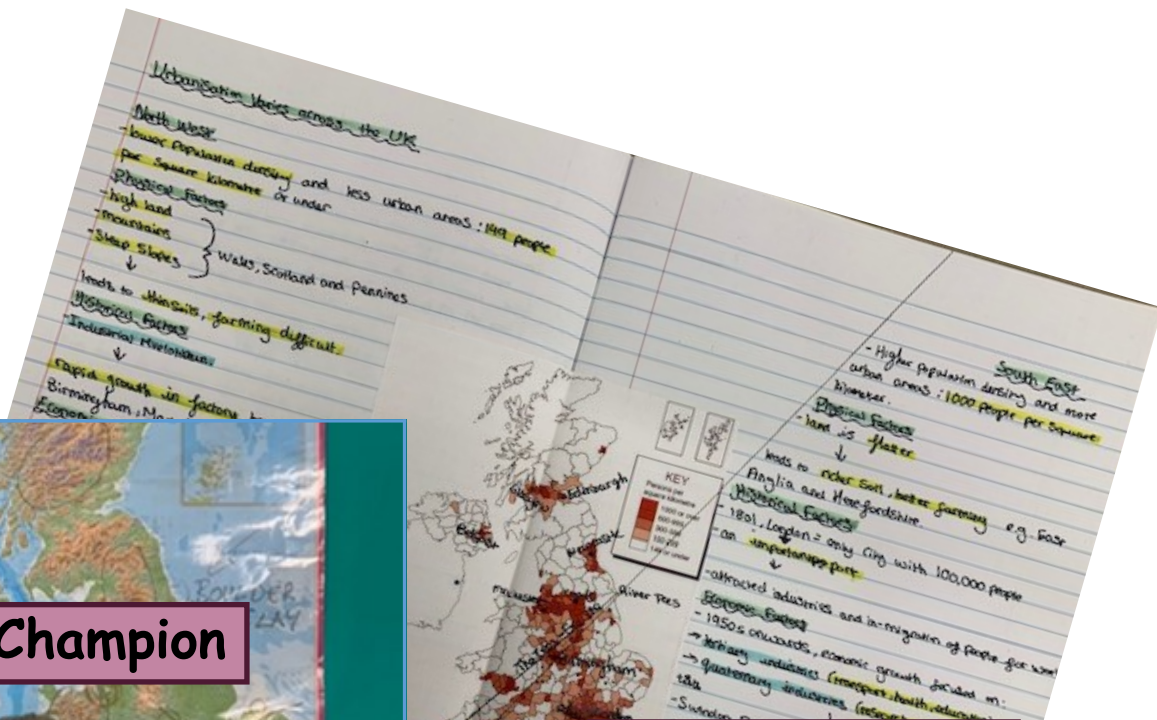

Geography

A Massive well done to the Geography Champions from this week.

You should both be very proud of yourself.

GCSE Champion

RUTH

Putting herself forward to be a Geography Captain. She has made a fantastic start to her GCSE geography course, working enthusiastically

KS3 Champion

RILEY

A very competent geographer, often putting himself forward to answer questions and help those who need it. His book is presented well and he works very hard.

Geography

Geography work this week!

In Mrs. Webb's lessons this week:

Year 7 have been busy learning what geography is and covering their books in geographic images.

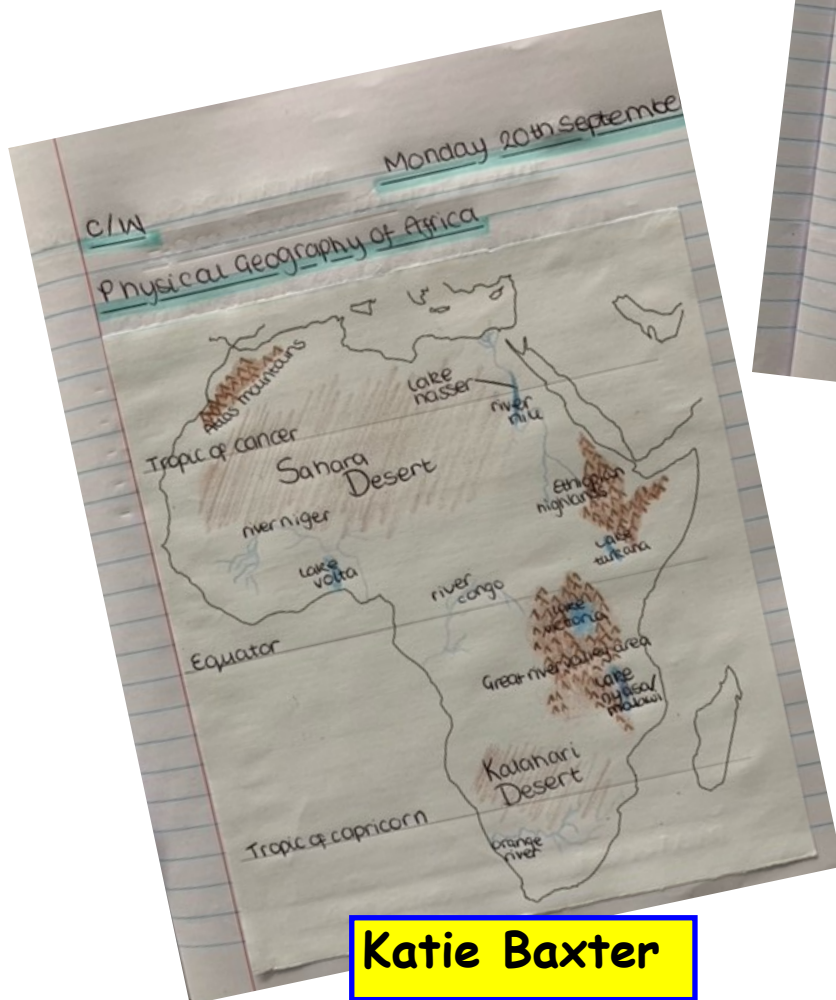

Year 8 have had lots of fun making 3D river basins.

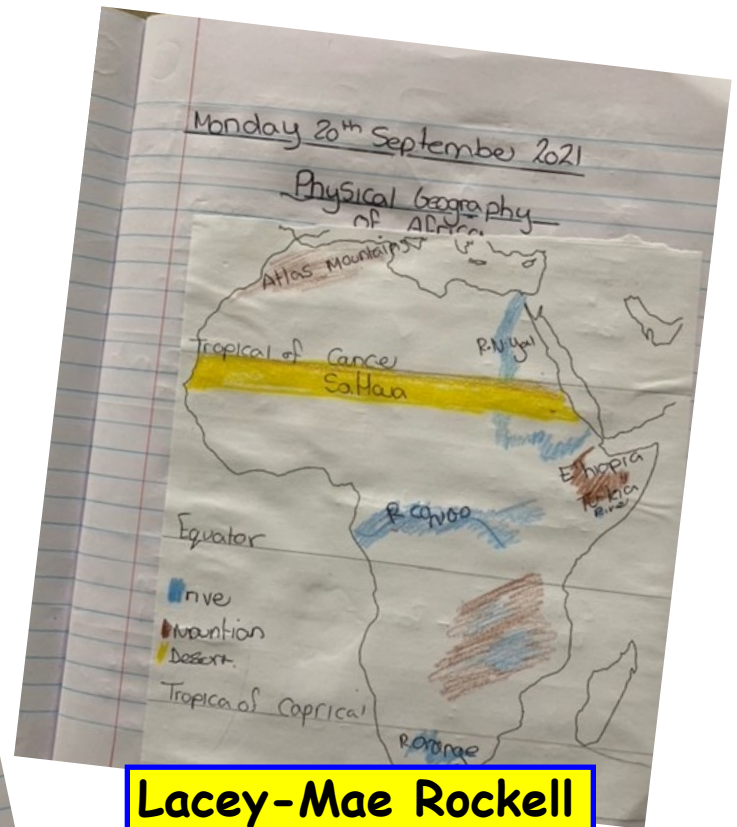

Geography

Year 9 have been busily mapping Africa this week!

Katie Baxter

Lacey-Mae Rockell

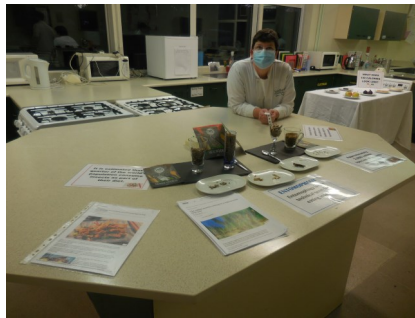

Cooking and Nutrition

Open Evening in the Tech departments.

Thank you to everyone who helped out, you were all fantastic.

We made some crumble samples and some cheese and onion pasties.

Who was brave enough to try our insect display?

Cooking and Nutrition

Year 10 Future Chef

Chef of the week goes to Leo Dale for his scrumptious chocolate souffle, and beautiful presentation skills.

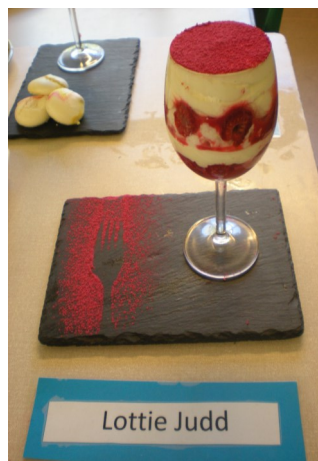

Cooking and Nutrition

Year 11s free choice lesson, where you can create whatever you'd like!

Chef of the week goes too... **Jake Cook** for his amazing Hunter's Chicken. Great effort!

Also, commendations to **Jasmin Goddard**, **Annina Avery**, **Jake Woulds** and **Lottie Judd** for their wonderful presentation.

Cooking and Nutrition

Year 10 Fruit Tartlets.

Chef of the week goes to **Chloe Watkins** and **Ava Clark**. Superb decorating and neat chopping skills!

Chloe Watkins

Ava Clark

Elise Wallington

Jonas Mikalkevicius

Tayla Basson

Milo Swanton

Cooking and Nutrition

Year 10 Future Chef.

The students were allowed to make whatever they'd like in order to show off their culinary knowledge, skill and presentation.

Chef of the Week goes too **Luke Farr** for his delicious salmon dish. Well done! Also, well done to **Persis Rai** for her unusual use of spam!

Cooking and Nutrition

Don't forget to
bring an apron if
you're cooking

YEAR 6 OPEN EVENING

It was lovely to meet so many Year 6 students and their parents during our recent Open Evening.

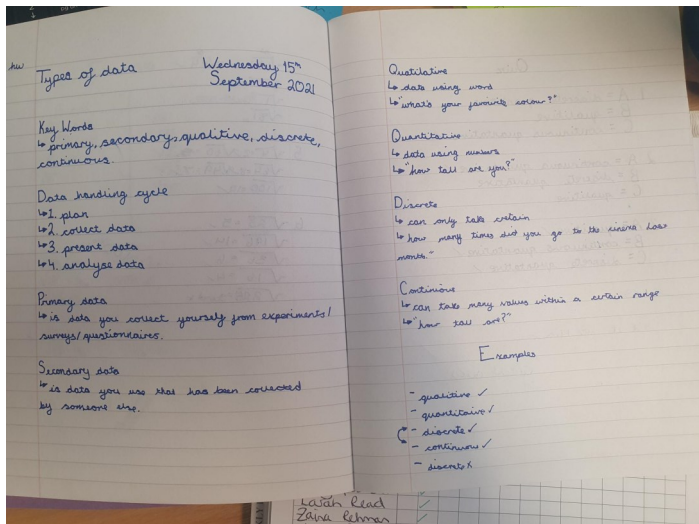

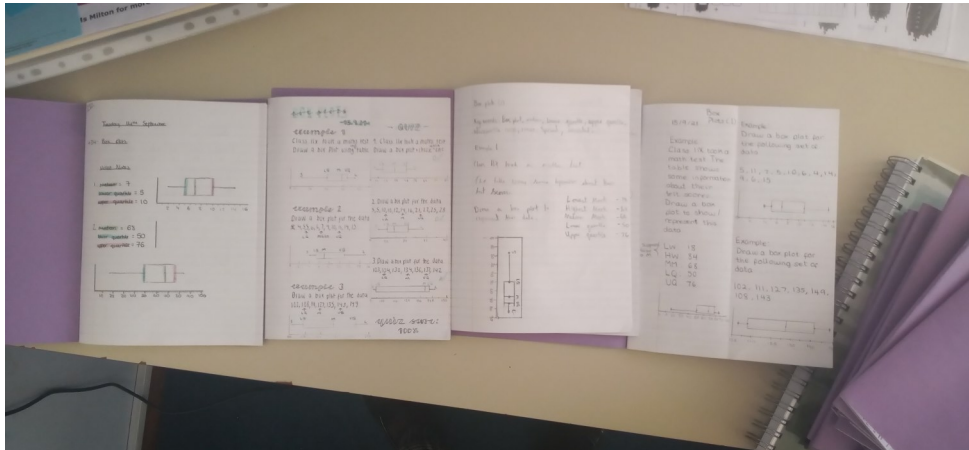

Our visitors were invited to complete a “bingo card” of signatures as they toured each department in the school. These card were then entered into a prize draw.

We are delighted to announce that the winning cards belonged to Emily Boulter, Samuel Chaluley and Tyler Cox and their families. The edible prize will be delivered to their schools next week.

Many congratulations Emily, Samuel and Tyler!

This week's Hegarty Heros are from Mrs. Thompson's 10Y and Ms. Irvine's Year 10 class

Exercise

draw a box plot for the following set of data:

5, 11, 7, 5, 10, 6, 4, 14, 9, 6, 15

Smallest: 4, 5, 5, 6, 7, 9, 10, 11, 14, 15
 Largest: 15

Box plot showing: Smallest (4), LQ (5), Median (7), UQ (10), Biggest (15)

Exercise

class 11x took a maths test (for their results):

3=6 B=59 M=39 LQ=23 UQ=50

Box plot showing: Smallest (3), LQ (23), Median (39), UQ (50), Biggest (59)

QUIZ - plot box graphs for the following:

1) 14, 10, 22, 20, 9, 5, 7, 6, 14, 27, 17

Box plot showing: Smallest (5), LQ (9), Median (14), UQ (20), Biggest (27)

2) 135, 122, 129, 114, 141, 110, 139

Box plot showing: Smallest (110), LQ (122), Median (129), UQ (139), Biggest (141)

393 Types of data

NOTES:

- Data handling cycle - 1. Plan (decide on a clear hypothesis - decide on what type of data is needed - decide on how to collect data) 2. Collect data (census vs sample - questionnaires, data collection sheets) 3. Present data (tables, charts, graphs - calculate summary statistics) 4. Analyse data (- interpret your summary statistics and graphs/charts - conclude your hypothesis)
- Primary data - you collect yourself
Secondary data - collected by someone else
- Qualitative - data using words
Quantitative - data using numbers
 - Discrete - certain values
 - Continuous - infinitely many values

Sunday 20th September

393 - Types of data (2)

Primary and secondary data:

Primary data is data you collect yourself from experiments / surveys / questionnaires.

Secondary data is data you use that has been collected by someone else e.g. information in books, journals, the internet, newspapers, Met office, etc.

Qualitative = data using words.
Quantitative = data using numbers.

Discrete = only take certain values.
Continuous = can take infinitely many values.

Example:

- 1) Favourite colour of 30 pupils.
= Qualitative, ✓
- 2) The heights of 30 pupils.
= Continuous quantitative, ✓
- 3) The ages of 30 pupils.
= Continuous quantitative, ✓
- 4) The ages (in full years) of 30 pupils.
= Discrete quantitative, ✓
- 5) The nationalities of 30 pupils.
= Qualitative, ✓
- 6) Shoe size of 30 pupils.
= Discrete quantitative, ✓
- 7) The lengths of hair of 30 pupils.
= Continuous quantitative, ✓

20.9.21

Types of Data

Example work

Qualitative

- data using words
- eg the type of answer to following question "What is your favourite colour?"

Quantitative

- data using numbers
- eg the type of answers to the following questions: "How tall are you?" "How many times did you go to the cinema?"

Discrete

- can only take certain values
- "How many times did you go to the shops?"

Continuous

- can take infinitely many values within a certain range. It is something that needs to be measured: "How tall are you?"

17/09/2021

Types of data

Recap!

```

    graph TD
      Plan --> Collect[2. collect data]
      Collect --> Present[3. Present data]
      Present --> Analyse[4. Analyse data]
      Analyse --> Plan
  
```

Primary data :- data you collect yourself

Secondary data :- data that has been collected by an alternate source

Qualitative data :- data using words

Quantitative data :- data using numbers

Discrete :- only take certain values

Continuous :- something that needs to be measured and can take infinitely many values

[Quiz]

1) Match data

- Length of a road - Continuous quantitative ✓
- Number of siblings - discrete quantitative ✓
- Names of the 7 dwarves - qualitative

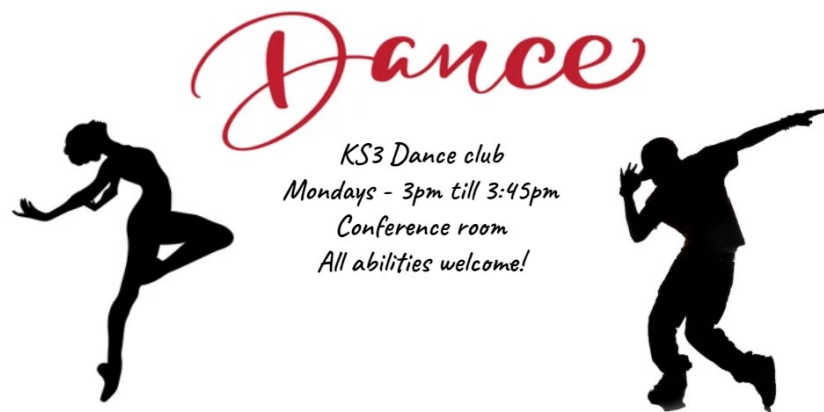

2) Match data

- Number of family members - DG ✓
- Hair colour of yr 10 students - qualitative ✓
- Height of a tree - CG

Great notes!

Introducing the KS3 Performing Arts Clubs starting next week, from 27th September.

MFL

Celebrating European Day Of Languages ..

This week we celebrated the European Day of Languages twice: in class and during open evening, with a variety of activities for all to enjoy!

Bon travail! Gut gemacht! Buen trabajo !

The language department would like to nominate the following students this week ...

Ms Mc Geever would like to nominate Edward Phillips from her Year 7 French class. I am so thrilled to have a student like Edward in my lesson! Since he has started Year 7 he comes into class so eager to learn and his attitude and positivity are infectious. I can see how hard he works in and outside lesson and I know he is going to be an amazing linguist!

Ms Dris would like to nominate Gabrielle Whiddett from her Year 11 Spanish class. She is simply fantastic. On an academic level, she works hard, has a real passion for languages and is an amazing role model for all students... but that's not all! Last week she impressed me even more. She offered to help me for Open Evening and she did a fabulous job from start to finish. Having Gabi to help on the evening was like having another member of staff, she was incredibly professional! Thank you again for all your help and well done Gabi, you are a star!

Mrs Gould would like to nominate Haygan from her Year 9 German class. Haygan has been working very well in German. He puts his best effort into every task and contributes a lot in class. Keep it up, Haygan!

A special mention

Merci, gracias and a big schüsst from all of us here in the language department to our amazing volunteers for Open Evening. They were more than helpful and parents were so impressed with their hard work and dedication. They were a credit to our school.

Art work of the week - 1st October

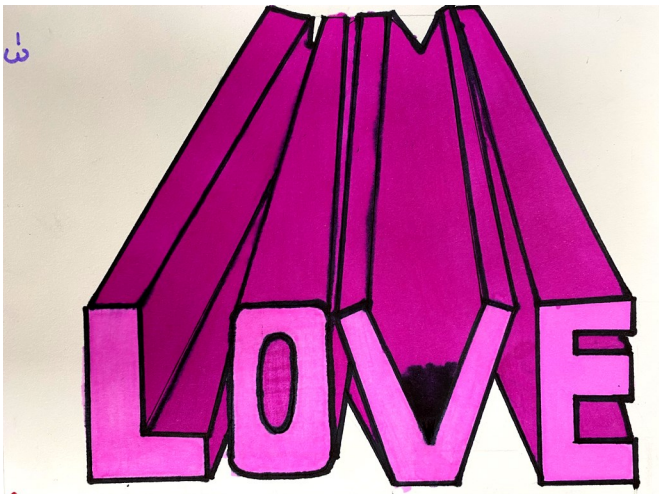

Congratulations to the following students who have produced work of an exceptional level. All students will be nominated for the Headteacher's Award.

Sandhurst School Ski Visit 2023

interski
Schools & Colleges

VISIT DATES

Saturday 08/04/2023 to
Sunday 16/04/2023

RESORT

La Thuile, Italy

VISIT ORGANISER

Mr Martin

Following the total success of our last visit, in 2019 we are going back to Italy. The group will again stay in the village of Pré St Didier, near Courmayer and ski at the superb resort of La Thuile! This resort is high with good snow and a range of pistes to suit the ability levels of the whole group.

For all students in Years 7, 8, 9 & 10 in September 2021. Year 11 students returning to Sandhurst School and Sixth Form are also welcome to apply.

Deposit payment of £150 due by Friday 8th October to reserve a place.

ACTIVATE LEARNING - FREE SATURDAY CLUBS

National Film and Media Saturday Club

Course overview

National Saturday Club are introducing a new Film and Media subject strand in 2021. Reading College is delighted that team members of Vocal Networking will deliver this exciting Saturday Club in their professionally equipped Film and Media workshops

National Film and Media Saturday Club will introduce young people aged 13 to 16 to the massive opportunities in this rapid growing sector of the UK economy for FREE. The club will introduce young people to the basics of film and media.

The combination of creative thinking and developing transferable skills is at the heart of Vocal Networking and we encourage you to bring your imagination to life.

This club is a great start of your creative journey, whether you aspire to become an actor yourself, become a videographer or want to improve your production skills, this club will open your eyes to the vast opportunities this industry offers.

As well as benefiting from 16 weeks of inspiring classes, club members will enjoy a London Visit, attend a masterclass and exhibit their work at the Summer Show at Somerset House, London.

Course Starts in 23 Days

National Fashion and Business Saturday Club

Course overview

The Club gives young people in years 9,10 and 11 the unique opportunity to study Fashion and Business 16 Saturday mornings at Reading College, free of charge.

The aim is to nurture the young people's talent and build their confidence and self-esteem.

The Club is equally suitable for boys and girls of all abilities with an interest in Fashion and Business.

The fashion business is an important part of the UK's creative industries, and with its supply chains provide 880,000 jobs in a wide range of sub-sectors, which range from materials technology and trend forecasting to fashion journalism and retail management. The fashion industry is a great British success story, generating £28 billion for the economy each year.

Fashion courses at UK universities lead the world and are in demand globally.

Sources: British Fashion Council

Location: Reading College

Fee: Not applicable

National Fashion and Business Saturday Club is free and places go to students who want to expand their creative skills and are committed to every Saturday morning throughout the Spring and Summer term.

All materials, equipment and educational visit costs for this course will be covered by Reading College.

Opportunities in Medicine and STEM

InvestIN's parent event series is designed to give parents the essential tools they'll need to support their child on their career journey.

Events are run by leading experts and are FREE to attend.

Visit us for more information and to register for these FREE programmes: [Investin.org](https://investin.org)

The screenshot shows the InvestIN website interface. At the top is a navigation bar with the 'INVESTIN' logo and links for 'Our Programmes', 'Who We Are', 'Community', and 'Resources'. A red 'VIEW PROGRAMMES' button is on the right. Below the navigation bar are three event cards:

- The Skills Surgery**: Scheduled for 6th October - 7PM-8PM GMT (ZOOM). Description: 'How your child can break into a career in medicine, dentistry, and veterinary medicine, led by Julian Pearce (Dermatology Registrar and Academic Clinical Fellow)'. Includes a 'REGISTER FOR EVENT' button.
- Succeeding in STEM**: Scheduled for 20th October - 7PM-8PM GMT (ZOOM). Description: 'Kickstarting your child's career in Science, Technology, Engineering and Maths.' Includes a 'REGISTER FOR EVENT' button.
- Learning to Lead**: Scheduled for 24th November - 7PM-8PM GMT (ZOOM). Description: 'Got any questions? I'm happy to help.' Includes a 'REGISTER FOR EVENT' button and a chat icon.

FREE CAREERS GUIDANCE FOR YOUNG PEOPLE

The Covid-19 pandemic has had a huge impact on unemployment in Surrey Heath and particularly for 18-24 year olds.

W^{THE}ORKSHOP IS HERE TO HELP!

We're a new project, set up jointly between **Surrey Heath Borough Council** and the **Department for Work and Pensions** exclusively for the purpose of supporting young adults into employment, work placements & apprenticeships.

You'll find us in our dedicated 'hub' in central Camberley (on Grace Reynolds Walk, opposite TK Maxx) where we're able to offer you **support** and **guidance on employment** (1-2-1 appointments and a 'walk-in' service are available).

We'll be working closely with local businesses and organisations to provide you with **skills training** (C.V writing and interview skills to name a few), **careers advice** and information about **apprenticeships** and **work opportunities** in the area.

The service is **free of charge** and **available to all 18-24 year olds** who are keen to find their career paths and improve their skills and wellbeing.

There is a whole local business community waiting to help you!

► YOUR FUTURE STARTS HERE...

Take the next step today by scanning this QR code and answering a few simple questions...

40% to your school

£25,000 jackpot!

Cash prizes every week

your
school
lottery

How it works

It's simple - choose 6 numbers between 0-9 and if they match the weekly lottery draw, you win great prizes with a **jackpot prize of up to £25,000!** One of our supporters will win a cash prize every week. Tickets cost just £1 per ticket per week and 40% of all ticket sales are donated to your school.

Draws are conducted every Saturday at 8pm and results are posted online. Winners will be notified via email and the winnings will be paid straight into an account of their choosing.

The easiest and quickest way to join our lottery is online where you can set up your payment either by direct debit or one off payment card. Alternatively, set up can be done over the phone using the contact details below.

It's so easy to join and you could make a real difference to your school.

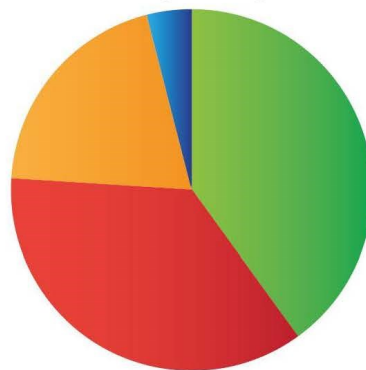

The maths...

100 tickets sold means
= **£30** a week cash prize
= **£2,080** a year for your school

Where does your money go?

Tickets cost just £1 per week

- 40p** goes directly to your school
- 36p** goes towards lottery winner's cash prizes
- 20p** goes towards lottery administrative costs
- 4p** for VAT
