

Sandhurst Weekly News

Friday 17th June 2022

Headteacher Weekly Review

There have been so many events, over and above the normal classroom timetable this week.

Last Friday our Year 10 Silver Duke of Edinburgh students participated in their Practice Expedition. Setting off from Burnham Beeches they walked for seven hours (some more than that!) with full kit backpacks, tents and cooking equipment. Most had completed Bronze and so that sense of déjà vu washed over them as they remembered how tough this was last time and wondering why on earth they were doing it all over again!

The Year 9 Bronze students joined us on Saturday and had remarkably high levels of energy when they reached the campsite. By Sunday it was the home stretch but tough going for all concerned. We now look forward to the Assessed Expeditions over the first weekend in July.

My thanks to all those at home whose support and hard work helped get the students organised for the weekend and of course to Ms Vikki Gibbons, Mr Ben Laws and Mr Alastair Woodruff whose support over the whole weekend was above and beyond and very much appreciated. Photographs and write up to follow.

We had a wonderful Year 8 Citizenship Day and my thanks to staff for their efforts in supporting the event and to Ms Joy Montgomery for organising the day so brilliantly.

The Cultural Celebration Days have also been a huge success and we will definitely keep this in the calendar in some format or other. There will be much more detail in the newsletter next week once we sort through all the photographs.

The heatwave always hits during exams so we have been especially mindful of those students who are sitting exams this week. Next week returns to our usual summer weather!

Have a lovely weekend, and thank you for your support.

Mrs D Smith

DIARY

Tuesday 28th June	Year 8 visit to Marwell Zoo
Thursday 30th June	Year 10 Geography visit to Calshot Spit
Friday 1st July	INSET Day
2nd and 3rd July	Duke of Edinburgh Bronze Assessed Expedition
2nd, 3rd and 4th July	Duke of Edinburgh Silver Assessed Expedition
4th, 8th and 11th July	Year 7 visit to Harry Potter World (Date student going is dependant on their Tech class)
Thursday 14th July	Summer Showcase

This Sunday is the historic holiday of Juneteenth (19th of June/ Father's Day). It will be the 157th year anniversary of the emancipation of Black American slaves in the USA. The historic day is called Juneteenth, which is a merging of the two words, June and Nineteenth. The US Senate has recently unanimously voted to make Juneteenth a federal holiday.

Abraham Lincoln wrote the Emancipation Proclamation in 1862; however, enforcement of the law took many more years. General Granger made the announcement on 19th June 1865, in Galveston, Texas, which was the last state to be notified of the new law. Since General Granger only announced it to the slave owners, many slaves did not know until after the harvest that they were legally free. Some slaves were forced to work for almost another ten years after the announcement was made. Unfortunately, the newly freed men and women who wanted to take immediate advantage of their freedom were beaten severely or even lynched when they tried to leave the plantation.

Juneteenth, to Black Americans, is Independence Day. People celebrate in many different ways. Some have family reunions, barbecues, parades, and historic re-enactments. A feast of soul food is had during these celebrations. Soul food was invented by slaves from West Africa in the southern US. They took the scraps of food given to them by the slave owners and made a delicious cuisine. Examples of food eaten today are candied yams, black-eyed peas, collard greens, fried chicken, and cornbread. Songs are also sung during the celebration such as "Swing Low" and the national black anthem "Lift Every Voice and Sing".

Juneteenth is a celebration of freedom and hope. Although the remnants from the atrocities of slavery still exist, we believe in a brighter future. It is that belief that gives us hope for tomorrow.

Mrs. Thompson

JUNETEENTH
— JUNE 19, 1865 —

We're HIRING

Please look at the current vacancies we have within the school using the link below:

[School Vacancies](#)

The Rwandan trip for our staff and Sixth Form students is approaching fast. For some of the Music and PE lessons we will be leading in our Rwandan school we are in need of the following items;

Empty Cheese Triangle Boxes
Empty Camembert Boxes
Large Jute sacks
Large parachute
Bean Bags

If you have any of the above, please kindly donate them to Miss Jones in the RE office.
Many Thanks.

On Tuesday 14th June the Year 8 students were off timetable for First aid training and an Army Activity Day. The day started with an interactive lesson on CPR. The students learnt the theory behind responding to different scenarios. Students then got an opportunity to perform CPR on dummies and practise placing a friend into the recovery position.

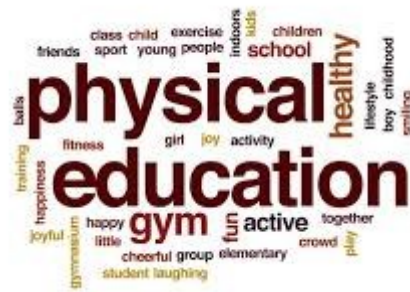

Thank you so much to Mr Smith who led an assembly on First Aid. Mr Smith's session was informative and full of real-life experiences. The students loved this as they got time to ask questions and interact with Mr Smith using the CPR dummies.

Lastly, the Army set up amazing teambuilding stations on the school field. These involved students working together using different methods of communication to solve certain problems. It was such a warm day but this did not stop all students getting stuck in. All staff involved commented on how enthusiastic and respectful all of our students were. It was so lovely to see some students take the lead on different activities, working outside of their normal friendship groups.

This day was a huge success and thoroughly enjoyed by all. Thank you to everyone involved, as without your help the day wouldn't have been possible to run.

Year 7 District Athletics

This was the Year 7s very first secondary school athletics event which they were very excited about. Four students from each school participated in each event and then the top two to three athletes overall would qualify for the county round which is a great achievement.

The enthusiasm and motivation levels were sky high from the beginning and our students really gave their absolute best! Freya and Harrison made us extremely proud as they participated in a great number of events, track and field. Lily-Marie did discus for the first time and won it. Great achievement! Some students hardly had time to rest between their different events but no one complained.

They took it in their stride and made the school very proud! This is the first of many athletics events still to come and we as a department are very proud of every single one of them. They showed great sportsmanship on and off the track, staying positive and supporting each other throughout.

The following students have been selected for the county round:

Spencer for Shot Put
Harrison for 150m
Kieran for High Jump
Harry for High Jump
Lily-Marie for Discus

We would like to congratulate every single one of our athletes! We are looking forward to the next event already!

Mrs Van den Brink

County Athletics

Following the District Athletics event, a few of our students progressed to the U15 and U17 County Athletics Championships. This round was also held at the Bracknell Athletics Stadium and our students were representing the whole of Bracknell Forest. They competed against all of the top athletes from each borough in Berkshire.

We are extremely proud of our students for making it to this round and their results on the day were brilliant!

Ruby—75m Hurdles—2nd in the final
Jasmin—300m hurdles—1st place in the final
Emma—100m—Made it through the heats to the final and finished 6th overall
William—Shot Put—3rd place overall
Alex—Javelin—4th place overall with new personal best of 35.4m

Mr T King

GEOGRAPHY

A massive 'well done' to the Geography Champions from this week.

You should all be very proud of yourselves

GCSE Champion

Having only been at Sandhurst school for a few weeks Jack has already shown great progress in Geography. He has been showing determination in lessons to learn the content.

This determination will go a long way and you should be very proud of yourself for the smooth transition that you have made in geography.

Jack

KS3 Champions

KS3 have produced an amazing piece of work within Year 9 when learning about how the activities that they do in day-to-day life can affect our environment, even if it's leaving a plug socket on!

Lily and Tazmin produced a lovely piece of work that shows exactly how they are impacting the earth through the activities they do but also how they could reduce their impact on the climate.

Lily

Tazmin

GEOGRAPHY

Geography work this past week!

Miss Lenk's Year 7 class has been learning about animal and plant adaptations in the Tropical Rainforest as part of their Ecosystems topic. The class had a task to design a new plant and a new animal that could survive in the rainforest. They had to use their knowledge gained on how existing species adapt to the physical environment and apply this to their own creative ideas. The class produced some amazing designs and here are just a few of those examples. Well done!

GEOGRAPHY

Geography would like to invite you to join the Geographical Associations yearly quiz, this will take place in person against other schools from around the area!

Are you in Year 8,9 or 10?

Do you know your flags?

Got a talent for naming rivers?

Do you know your rocks?

Got a thing for the dinosaurs?

We are looking for students from years 8, 9 and 10 to take part in this years Geographical Quiz, competing against other local schools!

This will take place on 11th July between 16.30 and 19.30 at the Holt School in Wokingham.

If you are interested, and would like to represent the Sandhurst team, please speak to your Geography teacher for more information.

There will be a meeting in H3 on Wednesday 22nd June in the second half of lunch to sign up and show your interest!

Hospitality & Catering X

Year 10

What a lovely way to welcome the summer with delicious fruity meringue desserts. Well done Year 10 for producing such beautiful pavlovas and roulades.

Two new students join the top of the leaderboard this week: Well done to Hannah, Angele and of course Darcy.

	School Ranking
1	Hannah T_____
2	Darcy Os_____
3	Angelica W_____

IN MFL THIS WEEK

Miss Dris' Year 10 Spanish Class

This week we have been trying to improve our knowledge of regular and irregular verbs in all 3 tenses, not an easy task! To make this a bit more enjoyable, the students worked in groups and played a game of verb-crunch, followed by Connect 4! We still need a bit more practice but by now we are nearly all experts in Spanish verbs!

Well done Year 10!

ALSO IN MFL THIS WEEK ...

Miss McGeever's Year 10 French Class

This week my Year 10's have been revising careers and different advantages and disadvantages of jobs. We played a game of top trumps with a deck of cards. They were asked about le salaire (salary), la formation (the training), les heures par semaine (hours per week), le niveau d'intérêt (level of interest), la risque d'être au chômage (risk of unemployment) and stress. They needed low scores for training, hours per week, risk of unemployment and stress. They needed high numbers for salary, level of interest. It proved to be very competitive and it made us practise our vocab and our question words.

Bon travail! Gut gemacht! Buen trabajo !

The Language Department would like to nominate the following students this week ...

Ms Mc Geever would like to nominate Ryan from her Year 10 French class. Ryan has really pushed himself this year and it is evident in his classwork and assessments. I admire his dedication and hard work to better his grades. It has been amazing to see his confidence grown and I cannot wait to see him continue this into Year 11. Well done Ryan, this is truly deserved!

Mr Woodruff would like to nominate Ethan from his Year 8 French class for his consistent excellent responses in lessons.

Ms Dris would like to nominate Natasha from her Year 10 Spanish class. Natasha is one of the best students I have ever taught. Her knowledge of Spanish is fantastic and it is all down to her and her hard work. She amazes me everyday with all she knows and I cannot wait to see how she does in the upcoming mocks. Well done Natasha, you are my star of the week!

CAREERS

FREE WEBINAR

APPRENTICESHIPS OPPORTUNITIES AVAILABLE THIS SUMMER

A national apprenticeship training provider will be delivering a 45-minute webinar to all **Year 11s, 12s and 13s** across the country to fully explain the apprenticeship route and available opportunities that they have starting from August onwards.

Anyone from Year 11, 12 and 13 who are interested in apprenticeships are invited to attend the webinar at

4:00pm on Wednesday 29th June 2022.

The webinar will include:

1. About LMP Education and how they can support you in starting your career.
2. Apprenticeships- Key facts & Considerations.
3. Traineeships - What they are & how they get you into an Apprenticeship.
4. Traineeship and Apprenticeship Opportunities for NOW and September.
5. Eligibility and how to apply.
6. English and Maths.
7. Next steps and Q&A.

You can register to attend the webinar [HERE.](#)

MasterChef

Year 9

Congratulations to Matt, winner of our heat of Masterchef. Well done to Jamie and Rachel who were highly commended. Thank you to Mrs Smith for being our judge.

FLORENCE FOOD VISIT 14th to 18th October 2022 Current Year 10, 11 and 12

Please remember your deposit is due in on Monday 20th June if you wish to go on this visit.

The visit is open to all students but those studying food will be given priority if we are over subscribed.

A letter has been emailed home to all students in these years.

Mrs Tudor

Stress

LESS

Could you benefit from learning techniques to manage stress, worry and sleep?

Our free NHS sessions can help you do just that!

Facilitated by our qualified therapists our **Stress Less videos** will share tips and techniques to help you improve:

- Stress in your body
- Stressful thoughts and worries
- Sleep difficulties

Available for those aged 17+ registered with a GP in Berkshire

Sign up today and begin watching the sessions in the comfort of your own home.

To find out more and sign up to the Stress Less programme:

talkingtherapies.berkshirehealthcare.nhs.uk

0300 365 2000 and quote 'Stress Less'

Tops Tips for Managing Your **Exam Stress**

1. Get organised

Plan your revision in small chunks, take breaks and add time for doing things you enjoy.

2. Eat, sleep and exercise well

Make sure you get enough sleep, eat healthily and make time to do some exercise; even going for a short walk will help you refocus on your revision when you get back.

3. Set realistic goals

You can only revise effectively for short periods of time – plan well and set frequent breaks.

4. Don't be afraid to ask for help

If you're struggling, talk to someone and get support from your friends, teachers and family.

5. Breathe slowly

Don't panic, practice slowing your breathing down to help you compose yourself – deep breathe in and out counting to 5 each time.

6. Avoid comparing yourself with others

We all have different skills and are amazing in different ways. You can only do your best and that is good enough!

7. Keep it in perspective

Whatever happens in your exams, you can still be successful in life afterwards and there will be lots of options open to you no matter what the results.

8. Believe in yourself

You can do it! Just take it one step at a time.

Remember, you can only do your best and there is life after exams!

If you need more support you can self refer to Talking Therapies:

talkingtherapies.berkshirehealthcare.nhs.uk

or telephone 0300 365 2000

Insight into University

Are you thinking of studying a STEM subject at University?

Are you interested in studying:

- Life sciences
- Chemistry
- Engineering
- Physics
- Computer science
- Sustainability
- Materials Science
- Aerospace
- Built environment
- Maths

Insight into University are running a summer online course to allow students to experience what studying a STEM subject at University would be like and the career opportunities that these subjects may lead to.

You would learn about:

- Student life
- STEM projects and activities set by leading UK universities and global STEM companies
- First year undergraduate lectures
- Live interactive sessions with academic, admissions tutors, employers and current students.

Content and live sessions will come from universities including Cambridge, Sheffield, Lancaster, Abertay, Coventry, UCL, Imperial, Oxford, Liverpool and Birmingham and companies such as BP, Balfour Beatty, GSK, GE, Teach Partnership and many more.

The course has 30 hours of study and students will receive a Silver Industrial Cadets award and will be in a position to make a more informed decision with their university applications.

The course will run from the 20th June to the 14th August and can be completed flexibly around any other commitments. It is open to all students age 16+ and is suitable for all academic abilities with activities that cover different levels of advanced study. All you need is an interest in STEM subjects!

There is a £75 fee towards the cost of administration and the Industrial Cadets Silver award. There are bursaries available.

If you are interested, the link to apply is <https://www.etrust.org.uk/insight-into-university>

THE DARK WEB EXPLAINED

FOR PARENT & CARERS

<https://www.thinkuknow.co.uk/parents/articles/dark-web-explained/>

Being aware of the Dark Web can help you have informed conversations and support your child if you are concerned.

WHAT IS THE DARK WEB?

There are three different parts of the internet: the Open Web, the Deep Web and the Dark Web.

The Dark Web is the hidden part of the internet. Dark Web sites do not appear on search engines and can only be accessed using a dedicated anonymity software such as Tor.

This software protects the identity of the website and the user and can be used to browse the Open Web anonymously or to access Dark Web sites known as hidden services.

Although the Dark Web is often linked to criminal or illegal content, it is not illegal to access the Dark Web, or to download anonymity software.

WHY MIGHT YOUR CHILD ACCESS THE DARK WEB?

There are a number of reasons why your child might want to use the Dark Web. These include:

- Curiosity about technology and the online world.
- Privacy concerns.
- Accessing illegal content or services.
- Because they have been coerced or forced to access the Dark Web by someone else.

Whatever the reason for accessing the Dark Web, the potential risks are the same as those on the Open Web. This includes exposure to harmful or illegal content and people who may seek to harm children.

WHAT TO DO IF YOUR CHILD HAS ACCESSED THE DARK WEB

1 REMAIN CALM

Try not to make assumptions. If you're angry or worried, it may stop your child from telling you why they have accessed the Dark Web.

Remain non-judgmental and don't blame your child for anything that may have happened while on the Dark Web. Remind them that you want to make sure they are safe and supported.

2 ASK QUESTIONS

Ask sensitive, open-ended questions. If you don't know much about the Dark Web, don't be afraid to say. Ask your child to explain it to you.

Seek to understand more. You want your child to feel that they can share their thoughts and feelings about their experience using the Dark Web without getting in trouble.

3 SEEK SUPPORT

If you are concerned for your child's immediate safety you must call the police on **999**.

You may wish to contact your child's school to help support you and your child.

For further advice and support about your concerns, you can call the [NSPCC Helpline](https://www.nspcc.org.uk/08008005000) on **0808 800 5000**.

CONVERSATION STARTERS

Why did you want to go on the Dark Web?

Has there been a time when you were on the Dark Web that you felt uncomfortable or unsure about?

Tell me about what you saw on the Dark Web?

How did you access the Dark Web?

Do you think you will go on the Dark Web again?

Not all young people will want to access the Dark Web.
Only talk to your child about the Dark Web if you know they have used it or are interested in accessing it.

STEPS TO KEEP YOUR CHILD SAFER ONLINE

Have regular conversations about the internet and what they like to do online. Keep it open and non-judgmental. Let them know you want to learn about their online interests and if possible, ask them to show you. Regular conversations are better than a one-off chat, as it shows your child they can talk to you at any time if something worries them.

Help your child to identify trusted adults they can go to if they have any worries or concerns. This could be you or another adult like a teacher or youth worker. If they feel more comfortable talking confidentially, let them know there are other options to get support.

Let them know support is available.

Your child may find it difficult to tell you about their experiences, or about something that has happened online. For further support, your child can:

- Report concerns about online sexual abuse to the [CEOP Safety Centre](https://www.ceop.gov.uk).
- Report nude images shared online to Childline and Internet Watch Foundation's [Report Remove](https://www.iwf.org.uk) tool.
- Call or message [Childline](https://www.childline.gov.uk) if they are worried and want someone to talk to.
