Dear Parent/Carer(s),

Re: Class Charts

Class Charts is an online system which teachers use to track achievement and behaviour throughout the school day. We believe in working closely with parents and one of the key benefits of using Class Charts is that we are able to securely share your child(s) achievement and behaviour report with you and so keep you up to date in real-time.

If a detention is set for your child you will receive notification via your school registered email address. This mail includes full details of the detention.

Students will also receive their own separate access code allowing them to track their own achievements and behaviour.

Each child has a unique access code. Your code, along with instructions, will shortly be sent to your registered email address.

Further guidance on using the Class Charts can be found using this booklet.

[Booklet Link](#)

Free mobile phone apps for IOS and Android are also available to parents from this page or the app store.

If you have more than one child in the school then you can enter additional codes once you have created an account and are logged in.

Please do get in touch if you have any questions or would like support in using Class Charts.

Yours Sincerely

Justin Southwood
Deputy Headteacher
